

2009 WATER AND WASTEWATER CONSTRUCTION PERMITS WORKSHOP

DEQ Michigan Department of Environmental Quality

DECEMBER 3, 2009

LOCATION

LANSING COMMUNITY COLLEGE - West Campus
5708 Cornerstone Drive • Lansing, Michigan 48917
<http://lcc.edi/maps/west/>

SUMMARY

If you're interested in improving your turn-around time for obtaining Act 399 Water System Construction Permits (Michigan Safe Drinking Water Act) and Part 41, Wastewater System Construction Permits, of Act 451 (Natural Resources and Environmental Protection Act), the Michigan Department of Environmental Quality (DEQ) can help! This one-day workshop will show communities, developers, and consulting firms how to ensure the quickest review and permitting of projects.

Along with reviewing checklists and common problems that hold up processing of applications, the DEQ will review its expedited and streamlined processes for water main and sewer main construction permitting to provide for even faster application reviews and permit issuances.

A complete package of program requirements, checklists, and guidance will be provided to each attendee.

**ANYONE INVOLVED IN WATER AND SEWER
CONSTRUCTION PERMITTING SHOULD ATTEND.**

REGISTRATION

COST: \$125 - Includes workshops, meals, and refreshments

For a detailed agenda, map, and directions, go to: www.michigan.gov/deqworkshops and select "Upcoming DEQ Workshops."

OTHER REGISTRATION INFORMATION: Contact the Environmental Assistance Center at 800-662-9278.
