

2008 Vernon B. Spalding Leadership Award

Jerome C. Neyer, PE
Chairman, NTH Consultants, Ltd.

Mr. Neyer has over 40 years of experience in consulting engineering. During his career he has demonstrated his personal commitment to improving the quality of life through his leadership in the engineering profession and his involvement in the community.

Mr. Neyer has helped develop many young engineers into leaders in their professions, through mentoring and leading by example. This was demonstrated through his leadership roles at NTH Consultants, in professional societies, and as an instructor at the University of Detroit Mercy where he taught in the Department of Civil Engineering for six years. Mr. Neyer served on the ACEC/Michigan Board of Directors for several years before becoming President in 1981.

In addition to his professional activities, Mr. Neyer has served his community on the boards of several civic and non-profit organizations, bridging the gap between the engineering profession and regular citizens. He has served in leadership roles for the following community organizations: Farmington Hills Building Authority, Farmington Hills YMCA Board of Directors, University of Detroit Mercy College of Engineering and Science Advisory council, Commission for the Future, and Lighthouse of Oakland County. For the past 20 years, he has led the United Way drive at his firm as chairman, achieving the highest award for giving for the past 17 years.
