### Emergency Order Under MCL 333.2253 – Gathering Prohibition and Face Covering Order

The novel coronavirus (COVID-19) is a respiratory disease that can result in serious illness or death. It is caused by a new strain of coronavirus not previously identified in humans and easily spread from person to person. There is currently no approved vaccine for this disease. COVID-19 spreads through close human contact, even from individuals who may be asymptomatic. On March 10, 2020, the Michigan Department of Health and Human Services (“MDHHS”) identified the first two presumptive-positive cases of COVID-19 in Michigan. Throughout the pandemic, Michigan has used a range of public health tools and guidance to contain the spread of COVID-19 and protect the public health, including via the Governor’s authority under the Emergency Management Act and the Emergency Powers of Governor Act. On Friday, October 2, 2020, the Michigan Supreme Court concluded that the Governor was not authorized to issue executive orders addressing COVID-19 after April 30, 2020.

Michigan was one of the states most heavily impacted by COVID-19 early in the pandemic, with new cases peaking at nearly 2,000 per day in late March. Strict preventative measures and the cooperation of Michiganders drove those numbers down dramatically, greatly reducing the loss of life. Although fewer than 100 new cases per day were reported in mid-June, cases have increased since that time, and recently nearly 1,000 new cases have been reported per day. To protect vulnerable individuals, ensure the health care system can provide care for all health issues, and prevent spread in schools as we head into the influenza season, we must not permit the spread of COVID-19 to increase. This necessitates continued use of mitigation techniques to restrict gatherings and require procedures in order to reduce the spread of the virus. In the absence of the Governor’s executive orders, it is necessary to issue orders under the Public Health Code addressing these topics.

Michigan law imposes on MDHHS a duty to continually and diligently endeavor to “prevent disease, prolong life, and promote public health,” and gives the Department “general supervision of the interests of health and life of people of this state.” MCL 333.2221. MDHHS may “[e]xercise authority and promulgate rules to safeguard properly the public health; to prevent the spread of diseases and the existence of sources of contamination; and to implement and carry out the powers and duties vested by law in the department.” MCL 333.2226(d).

In recognition of the severe, widespread harm caused by epidemics, the Legislature has granted MDHHS specific authority, dating back a century, to address threats to the public health like that posed by COVID-19. MCL 333.2253(1) provides that “[i]f the director determines that control of an epidemic is necessary to protect the public health, the director by emergency order may prohibit the gathering of people for any purpose and may establish procedures to be followed during the epidemic to insure continuation of essential public health services and enforcement of health laws. Emergency procedures shall not be limited to this code.” See also *In re Certified Questions*, Docket No. 161492 (Viviano, J., concurring in part and dissenting in part, at 20) (“[T]he 1919 law passed in the wake of the influenza epidemic and Governor Sleeper’s actions is still the law, albeit in slightly modified form.”); see also *id.* (McCormack, C.J., dissenting, at 12). Enforcing Michigan’s health laws, including preventing disease, prolonging life, and promoting public health, requires limitations on gatherings and the establishment of procedures to control the spread of COVID-19. This includes limiting the number, location, size, and type

of gatherings, and instituting mitigating measures like face coverings, to prevent ill or infected persons from infecting others.

Considering the above, and upon the advice of scientific and medical experts employed by MDHHS, I have concluded pursuant to MCL 333.2253 that the COVID-19 pandemic continues to constitute an epidemic in Michigan. I further conclude that control of the epidemic is necessary to protect the public health and that it is necessary to establish procedures to be followed during the epidemic to ensure the continuation of essential public health services and enforcement of health laws. As provided in MCL 333.2253, these emergency procedures are not limited to the Public Health Code.

I therefore order that:

3. **Capacity restrictions.** In addition to the attendance limitations imposed by section 2 of this order, the following gathering restrictions apply:
- (a) Except in Region 6, a gathering at a retail store, library, or museum may not exceed 50% of total occupancy limit established by the State Fire Marshal or a local fire marshal.

#### **5. Face covering requirement at gatherings.**

- (a) A person responsible for a business, government office, school, or other operation, or an agent of such person, must not allow indoor gatherings of any kind unless they require individuals in such gatherings (including employees) to wear a face covering, subject to the exceptions in section 6 of this order. For schools in Region 6, the wearing of face coverings is strongly recommended, but not required.
- (b) A person responsible for a business, government office, school, or other operation, or an agent of such person, may not assume that someone who enters the operation without a face covering falls in one of the exceptions specified in section 6 of this order, including the exception for individuals who cannot medically tolerate a face covering. An individual's verbal representation that they are not wearing a face covering because they fall within a specified exception, however, may be accepted.

6. **Exceptions to face covering requirements.** Although a face covering is strongly encouraged even for individuals not required to wear one (except for children under the age of 2), the requirement to wear a face covering in sections 2, 5 and 6 of this order do not apply to individuals who:
- (a) Except as otherwise provided in section 5 of this order, are younger than 5 years old (and, per guidance from the CDC, children under the age of 2 should not wear a face covering);
  - (b) Cannot medically tolerate a face covering;

8. **Organized sports.** Gatherings for the purpose of organized sports are permitted in accordance with this section. Organizers and venues of organized sports must ensure that:
- (a) Athletes wear a face covering (except when swimming) or consistently maintain six feet of social distance (except for occasional and fleeting moments) when training for, practicing for, or competing in an organized sport. For example, an athlete participating in a football, soccer, or volleyball game would not be able to consistently maintain six feet of distance, and therefore would need to wear a face covering. Sports organizers must ensure that athletes comply with this section for each organized sporting event.
  - (b) They consider the [guidance](#) issued by this Department regarding how a sport can be played safely.
  - (c) For organized sports competitions, sports organizers must ensure either that the live audience is limited to the guests of the athletes (requiring face coverings for non-athletes consistent with section 6), with each athlete designating up to two guests, or that the event complies with gathering requirements of section 2(b) in this order.
  - (d) For indoor organized sports, sports organizers must ensure that no concessions are sold at the venue.
  - (e) Notwithstanding any other provision of this order, professional sports leagues and teams, including professional athletes engaged in individual sports, may engage in professional sports operations, provided that:
    - (1) The activities are conducted under a COVID-19 safety plan that is consistent with any guidance from the CDC and this Department; and
    - (2) Participants maintain six feet of distance from one another to the extent compatible with the sporting activity.

9. **Contact Tracing.**

- (a) Gatherings are prohibited at the following facilities unless the facility maintains accurate records, including date and time of entry, names of patrons, and contact information, to aid with contact tracing, and denies entry for a gathering to any visitor who does not provide, at a minimum, their name and phone number:
  - (1) All businesses or operations that provide barbering, cosmetology services, body art services (including tattooing and body piercing), tanning services, massage services, or similar personal care services;
  - (2) Sports and entertainment facilities (except outdoor, unticketed sporting events), including arenas, cinemas, concert halls, performance venues, sporting venues, stadiums and theaters, as well as places of public amusement, such as amusement parks, arcades, bingo halls, bowling centers, skating rinks, and trampoline parks;
  - (3) Gymnasiums, fitness centers, recreation centers, exercise facilities, exercise studios, bowling centers, roller rinks, ice rinks, and like facilities.
- (b) All businesses or operations that provide in-home services, including cleaners, repair persons, painters, and the like must not permit their employees to gather with clients unless the business maintains accurate appointment records, including date and time of service, name of client, and contact information, to aid with contact tracing.

- (f) The October 5, 2020 order entitled Gathering Prohibition and Mask Order is rescinded. Nothing in this order shall be construed to affect any prosecution based on conduct that occurred before the effective date of this order.
- (g) Consistent with any rule or emergency rule promulgated and adopted in a schedule of monetary civil penalties under MCL 333.2262(1) and applicable to this order, violations of this order are punishable by a *civil* fine of up to \$1,000 for each violation or day that a violation continues.
- (h) If any provision of this order is found invalid by a court of competent jurisdiction, whether in whole or in part, such decision will not affect the validity of the remaining part of this order.

This order is effective immediately, and remains in effect through October 30, 2020. Persons with suggestions and concerns are invited to submit their comments via email to [COVID19@michigan.gov](mailto:COVID19@michigan.gov).
